How to Make a Personal Facebook Account on Computer

1. Click on your internet browser to pull up a webpage. It may look like one of the following:

![Browser Icons]

2. In the search bar at the top of the page, type **www.facebook.com** and press enter. This is the page that will be displayed:

![Facebook Sign Up Page]

3. Under the words “Sign Up”, enter your first name, last name, mobile number or email, password, birthdate, and gender. Then, click the green Sign-Up button at the bottom of the page (in the red box above).
   a. If you need assistance creating an email account, please refer to the instructional guide titled “Creating a personal email account”.
4. Verify your email or phone number.
   a. If registered with email: Go to your email account and you will see an email with the subject “_ number is your Facebook confirmation code”. Click the button “Confirm Your Account” (In red box below).

   OR, return to the Facebook tab and enter the code in the box (In red box below).

   b. If registered by phone number, enter the code sent to your text messages in the red box above.

IF YOU SUCCESSFULLY ENTERED CODE, PLEASE PROCEED TO STEP 5. IF NOT, SEE BELOW.

Troubleshooting at this step:
   a. If you did not receive an email or text, click the “send email again” or “send text again.” When you receive the email or text, follow step 4.
   b. If you still do not receive an email, check the promotions and spam folders in your email.
5. Once the code is entered, a screen will appear like the one below. A shortcut is an icon that will appear on the home screen of your computer, allowing easier access to Facebook. If you wish to create a shortcut to Facebook for quicker access, feel free to do so. If not, click the “Not Now” button.

6. Once you chose Not Now or created a shortcut, this page will appear.

7. First, upload a profile picture. Your picture will make the first impression to your friends, family, employers, and strangers on Facebook. Create a profile that represents you well, avoiding any photos where your face is not visible, photos with unfriendly facial expressions, or photos involving illegal activities.
8. To upload a profile picture, click “Add Photo” or “Take a Picture with Your Webcam” (in red boxes below).

9. If you choose “Add Picture”, you will upload a photo already saved on your computer. A screen like the one below will appear. Select the folder on the left side of the screen that your photo is saved under. Click on the picture and click the “Open” button (in red box below).

10. If you choose, “Take a Photo With your Webcam”, your computer will ask if you will allow Facebook to use your camera. Click “Allow”. Your camera will pop up and you can take a photo of yourself to use as your profile photo.
   a. If you like the picture, click “Save”, if you’d like to retake it, click “Retake photo” until you’ve captured one you enjoy.
11. Next, you can find friends to add on Facebook. In the search bar “Find people you know” (in red box below), search your friends, family members, and coworkers if you’d wish.

![Facebook Find People](https://www.cincin..)

12. Enter their name, and click the magnifying glass blue button to search. A page like the one below will show up. There may be more than one person with your friend or families name, so be sure to verify you are friending the right person. When you do, click the “Add friend” button (in red box below). To add more friends, type their name in the box below.

![Facebook Search Results](https://www.cincin..)
13. Once you have added desired Facebook friends, you can return to completing your profile. To do so, click your name at the top of the page (in red box below).

14. You will then be taken to your profile page. It will look something like this:
15. To complete your profile with more information about yourself and allow people to get to know you more, you can:
   a. Add a cover photo
   b. Enter additional information
   c. Create an introduction to yourself
   d. Upload more photos
