We provide reliable information about issues surrounding homelessness, specifically issues often outside mainstream discussion.

We organize people to promote & defend our collective work.

We offer avenues to be active in the movement to eradicate homelessness in our area.

You'll be part of a local supportive network of organizations & people working to end homelessness.

We provide public education to debunk stereotypes of people experiencing homelessness.

We provide a forum for residents to connect & work together.

With a wide-lens focus, GCHC advocates for action & legislation to build & preserve affordable housing & end the criminalization of people without homes.

GCHC inspires new generations of activists through the thousands of people reached by our Speakers' Bureau & *Streetvibes*

## Step 3: Find the description that best matches your situation:
